

Flinders  
UNIVERSITY

# INSPIRING ACHIEVEMENT

Established in 1966, we are building on 50 years of achievement with a **vision** to be internationally recognised as a world leader in research, an innovator in contemporary education, and the source of Australia's most enterprising graduates.

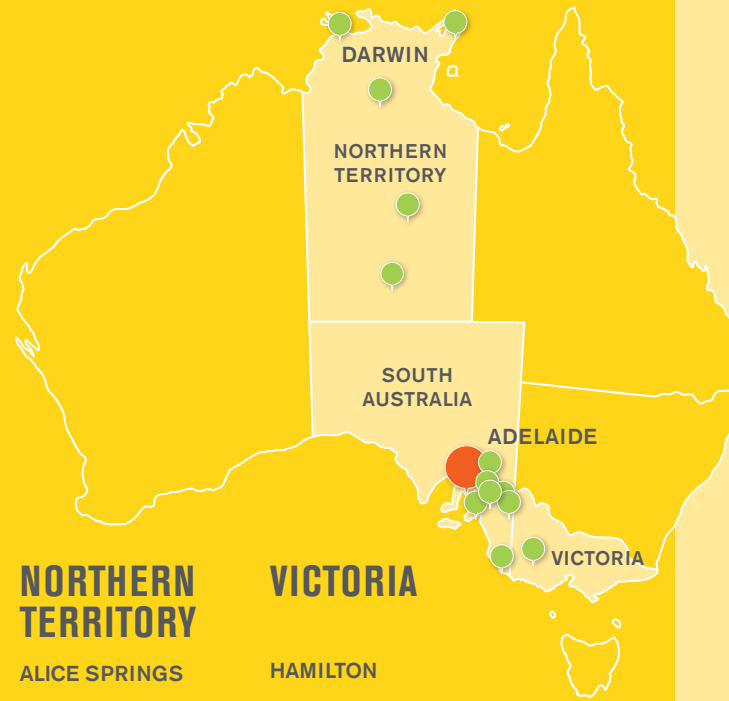

With core **values** of integrity, courage, innovation and excellence, and an underlying ethos of being student centred, Flinders University has a bold **mission** of *changing lives and changing the world*.

Flinders University was named after the famed navigator Matthew Flinders, who in an 1804 letter explained why he was embarking on his adventurous life of discovery:

I HAVE TOO MUCH AMBITION TO REST IN THE UNNOTICED MIDDLE ORDER OF MANKIND. SINCE NEITHER BIRTH NOR FORTUNE HAVE FAVOURED ME, MY ACTIONS SHALL SPEAK TO THE WORLD.

# GEOGRAPHIC FOOTPRINT

Headquartered in Adelaide, South Australia, we offer exceptional teaching on campus and online, with a physical presence extending across multiple locations.

# MEETING THE NEEDS OF INDUSTRY

## WE WORK CLOSELY WITH BUSINESSES AND THE COMMUNITY TO MEET INDUSTRY NEEDS AND TO ENSURE OUR RESEARCH IS ALWAYS RELEVANT.

### **New Venture Institute**

The New Venture Institute is the centre of innovation and entrepreneurship at Flinders. For industry, it is the door to all that Flinders has to offer, ensuring creativity, innovation and entrepreneurial thinking are at the core of everything you do.

### **Medical Devices Partnering Program**

The Medical Device Partnering Program supports the development of cutting-edge medical devices through unique collaborations between researchers, industry, end-users and government.

### **Tonsley Manufacturing Innovation Hub**

Located in the award-winning Tonsley Innovation Precinct, the Tonsley Manufacturing Innovation (TMI) Hub is driven by Flinders University, the South Australian Government and the Manufacturing Co-operative Research Centre. It taps into the work of mature global companies, local enterprises and start-ups already located at Tonsley including Siemens, Zeiss Vision, ZEN Energy and Sage Automation.

# INNOVATIVE EDUCATION

AT FLINDERS,  
INNOVATION IS NOT  
JUST SOMETHING  
WE SAY, IT'S  
SOMETHING WE DO.

It's in our cutting-edge research that informs what students learn, and our connections to industry that keep our courses relevant. It's in our state-of-the-art facilities and dynamic approaches to teaching.

But beyond that, innovation at Flinders is about preparing students for the future. It's about giving them the skills to think outside the box and recognise opportunities to do things better. That's where the jobs of tomorrow lie, and Flinders prepares students for this reality.

That's where our innovation and enterprise program comes in. Our innovation and enterprise topics are available to all students who want to know how to enhance their creativity, understand and embrace innovation, and think like an entrepreneur.

# INDUSTRY PARTNERSHIPS

## FLINDERS HAS FORGED STRONG RELATIONSHIPS WITH INDUSTRY PARTNERS LOCALLY AND INTERNATIONALLY.

Some of the many important industry and project-based partnerships Flinders has formed include:

### **Australian Fashion Labels**

Australian Fashion Labels is a top fashion apparel company based in Adelaide, with over 3,000 stockists worldwide and international offices in Los Angeles and Shanghai. Flinders Business students can undertake work placements and gain hands-on experience in public relations, social media, international marketing and accounting.

### **Cisco Australia**

Cisco, a worldwide leader in networking and the provider of the state-of-the-art network infrastructure at Flinders, supports high quality research in innovative health technologies. Flinders and Cisco have also established a Cisco Academy at Tonsley, which equips students for the jobs of the future. Developments in this field has the potential to radically change how people interact with health services, and how they manage and maintain their health throughout life.

### **SA Health**

Flinders works in partnership with SA Health to provide clinical training placements to our medicine, public health, nursing and health sciences students in hospitals and health services across South Australia. These placements ensure our students are well equipped to apply the theory they learn to patients and communities in a variety of health service settings.

Flinders Medicine is co-located with Flinders Medical Centre – a major South Australian hospital. Our medical and other health students have the opportunity to be exposed to authentic, patient-centred clinical experiences from early on in their courses.

Rural placements are also a focus of our degrees, exposing students to a professional multidisciplinary environment where patients present a wide range of needs.

### **CDW Studios**

Flinders offers courses in collaboration with CDW Studios, providing training in visual effects and entertainment design. Students learn from leading industry professionals who have worked with companies such as Disney, Blizzard Entertainment, Rising Sun Pictures, WETA, Wizards of the Coast and Lego. Flinders and CDW Studios' School of Visual Effects and Entertainment Design was ranked No. 1 Digital Illustration School 2017 and 2018\*.

### **Defence**

Flinders University's South Australian location places us at the heart of Australia's defence industry. To support current and future defence programs, we've developed a range of international industry and academic partnerships. Our agreements with leading defence companies such as BAE Systems, Thales, Northrop Grumman and Naval Group provide cutting-edge training for our engineering students and opportunities for collaborative research, as well as a number of internships for our students.
