

Placement compliance requirements are an industry pre-requisite for all students and health professionals prior to entering any health facility. **Students will not be allocated a placement until all compliance criteria are completed and provided to [flinders.medical.elective@flinders.edu.au](mailto:flinders.medical.elective@flinders.edu.au)**

Students are responsible for:

- Allowing adequate time to complete all pre-placement requirements:
  - Vaccinations may interfere with tuberculosis test results; therefore, it is strongly recommended to complete the Tuberculosis Service screening *before* commencing any vaccinations.
- Keeping all documents valid for the entire duration of your placement.
- Keeping all ORIGINAL documents safe and secure – any site can ask to view them at any time.
- Completing any additional venue specific compliance requirements, if requested.

Requirement	Detail	Completed
<b>Immunisation Compliance Certificate (ICC)</b>	<p>Provide evidence of immunity to the Vaccine Preventable Diseases (VPDs) listed on the Flinders University <a href="#">Immunisation Compliance Certificate</a>.
