

Our researchers have extensive networks and collaborations. We work with funding bodies, clinicians, health services and organisations, health consumers and care recipients, community groups, and other universities.

We have formal partnership or consortium arrangements with the following organisations:

- Australian Healthcare and Hospitals Association: ELDAC Project
- Aged Care Services Australia: ELDAC Project
- Brisbane South Palliative Care Collaborative: PallConsult education
- Central Adelaide Health Local Network: Mapping OT prescription of assistive equipment for people with palliative care needs
- Central Coast Local Health District: Search filters: An e-Delphi study of international experts in the field
- Carers Australia: CarerHelp
- Catholic Healthcare Australia: ELDAC Project
- GriefLink: RAC Bereavement
- Leading Aged Care Australia: ELDAC Project
- Palliative Care Australia: ELDAC Project
- Palliative Care Clinical Network: Mapping OT prescription of assistive equipment for people with palliative care needs
- Palliative Care South Australia: Mapping OT prescription of assistive equipment for people with palliative care needs and Mapping of online evidence-based bereavement resources
- Peter MacCallum Cancer Centre: Optimising the toileting capacity
- Queensland University of Technology: ELDAC Project
- SA Health: Residential aged care bereavement and Mapping of online evidence-based bereavement resources
- Southern Adelaide Palliative Services: Patient Controlled Analgesia
- St Vincent's Hospital Melbourne: CarerHelp, CarerHelp Diversity
- St Vincent's Hospital Sydney: The Advance Project, Advance Dementia
- University of Technology Sydney: ELDAC Project, Bereavement outcomes during COVID-19, CarerHelp
- Western Sydney University: TEL Project

Our research is informed by the following additional agencies and organisations through reference groups and advisory group members:

- Australian Centre for Grief and Bereavement
- Adelaide Primary Healthcare Network
- Advance Care Planning Australia
- Aged Rights Advocacy Service
- Australian Association of Gerontology
- Australian Centre for Grief and Bereavement
- Australian Commission for Safety and Quality in Health Care
- Australian College of Nurses
- Australian New Zealand Society of Palliative Medicine
- Australian National University
- Australian Primary Health Nurses Australia
- Consumer Health Forum
- Dementia Australia
- Federation of Ethnic Community Councils of Australia
- Groundswell
- Palliative Care Nurses Australia
- Palliative Care Outcomes Collaborative
- QUT PEPA and PCC4U programs of Queensland University of Technology
