

Purpose

The College of Business, Government and Law has established an Honours Bursary to provide financial assistance to an undergraduate student undertaking an Honours program at Flinders University. The number of bursaries available will be subject to funding. Approximately six bursaries will be available annually, normally two in each of the areas indicated below:

- Business/Commerce
- Government and International Relations
- Criminology/Bachelor of Law and Society

Source of funds

The bursaries are funded by the College of Business, Government and Law. The bursaries will continue as long as there is sufficient funding.

Benefits

Each bursary will have a value of \$5000 paid in equal instalments after the census date of each semester. The number of bursaries will depend on the funding available.

Eligibility

Applicants must be:

- currently completing or have completed an undergraduate degree; and
- accepted into a 36 unit Honours program, or the final 36 units of a four year Honours program in the College of Business, Government and Law at Flinders University in the areas listed above for the specified academic year; and
- enrolled full-time*; and
- in receipt of a means tested Commonwealth income support payment or be able to demonstrate financial hardship.

*Applications will be accepted from part-time students who have extenuating circumstances that prevent them from studying full-time (e.g. disabilities, carer responsibilities). Part-time recipients will be paid pro-rata.

Applications

Applications will be accepted each semester and can be made online through the Student Management System.

Tenure

The bursary is available for one year of full-time study. Students will receive payments in two equal instalments, one after the census date of each semester. Payments will be made subject to satisfactory progress. Bursary payments will be withdrawn if the bursary holder withdraws or is precluded from the course and will

not be available for a repeat year of study.

Leave

No leave is permitted.

Selection

Where there are more eligible applicants than bursaries available, the bursary will be awarded based on academic merit. Selection will be made by a Committee, comprising the Vice-President & Executive Dean of the College of Business, Government and Law or nominee, the Teaching Program Directors of Business, Criminology and Government and the Honours coordinator.

Bursary recipients shall submit a final written report to the College of Business, Government and Law on their Honours research project within one month of completion.

Advertising

The bursary will be advertised on the University website and other appropriate media as determined by Flinders University.
