

2023

# Welcome to Flinders

We welcome applicants from all backgrounds and we are proud of our long history of supporting adult learners. In fact, half of all students at Flinders are classed as adult entry students.

## The Flinders Experience

Every day at Flinders University there's room for ideas to grow. Our underlying ethos is a student-centred experience. Plugged into industry trends, professional placements and practical experiences, our teaching is designed to take you from learning to earning.

[flinders.edu.au/experience](https://flinders.edu.au/experience)

## Innovative Degrees

Our wide range of unique degrees enable you to access highly sought after study areas, as well as the flexibility to put your own personal twist on your study plan.

There's no limit to what you can achieve with a Flinders degree. Our internationally recognised teachers, state-of-the-art facilities and above world standard research capabilities will inspire you to be the best you can be.

Be fearless. Explore your passions, experiment bravely and make your mark.

[flinders.edu.au/study](https://flinders.edu.au/study)

## University Life

Returning to study, or commencing studies later in life, is a big decision. The first few weeks involve negotiating new routines and finding a balance between study and other commitments. Flinders University assists all of our students with their transition to university.

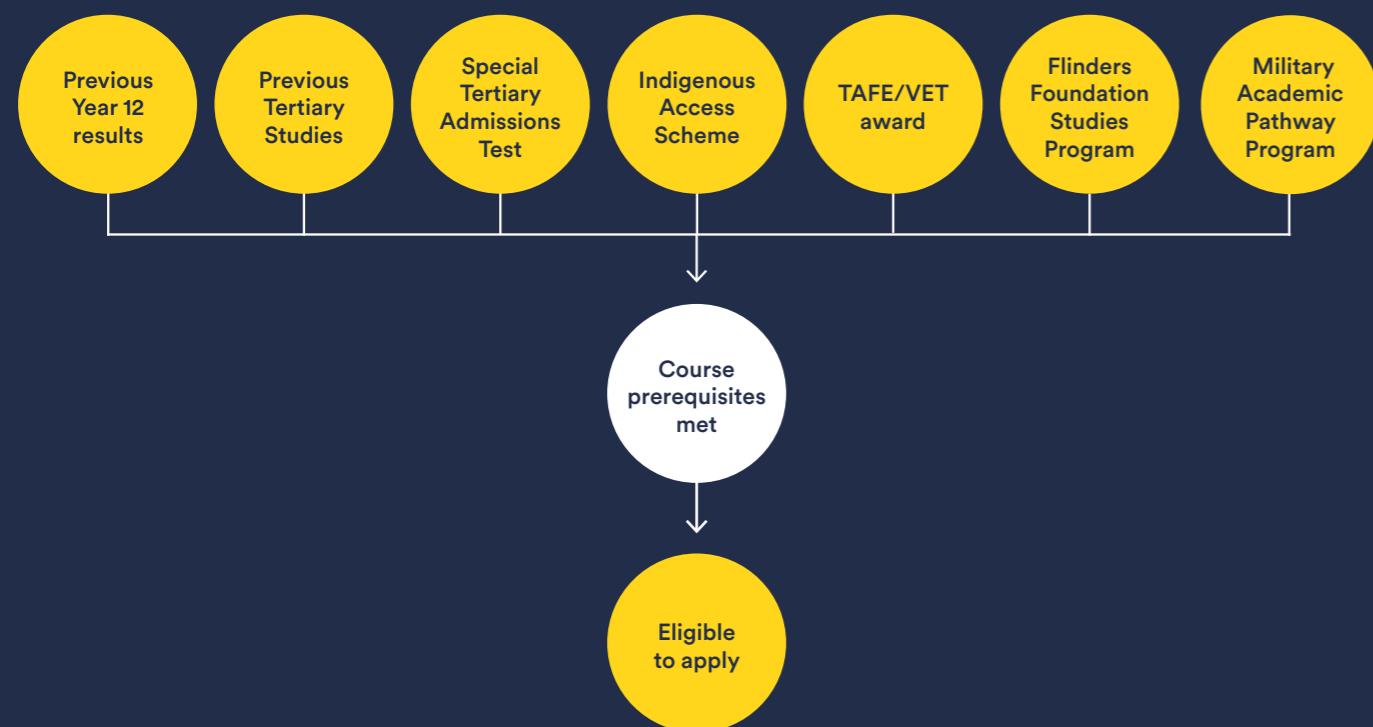

All Flinders students have access to a range of student support services including:

- the Academic Preparation Program, which covers topics such as study skills
- a skills development program for first year students
- career advice, mentoring, and vacation and graduate employment for students
- a range of additional programs to assist our students to further develop the skills that employers seek in graduates
- a health and counselling service
- disability support via a dedicated Disability Liaison Officer to assist when required
- scholarships, student loans and financial assistance

## There are multiple entry pathways into Flinders University

Whether you've had a gap year, studied at TAFE, or want to advance or change your career, Flinders provides multiple pathways for you to gain entry to your preferred degree.

We offer a range of flexible delivery options for our courses, so you can work your study around other commitments.

## Change direction. Change your life.

If you're thinking about adult entry, now is your time to be fearless, because at Flinders University, we've got the support, flexibility and experience to help you reach your goals on your terms.

## Ranked in the top 2% of universities worldwide\*

\* THE World University Rankings 2023 as a percentage of the total number of universities in the world according to the International Association of Universities.

## No.1 in SA for learner engagement, skills development and student support\*\*

\*\*The Good Universities Guide 2023 (undergraduate), public SA-founded universities only.

## Our future-focused program gives you the confidence to meet challenges, and the ability to balance your life and study.

With flexibility, cutting-edge learning, new ways to connect with opportunities, and a whole new level of support, be part of the community at Flinders. And be ready to stay ahead of the game, with the uni that does the same.

## A change in direction can change your life. Be fearless. Be Flinders.

We provide various pathways into Flinders University and your preferred degree. What works for one person may not work for another. We encourage you to speak with our friendly team to find your best pathway to study at Flinders.

# Flinders Foundation Studies Program

The Flinders Foundation Studies Program is a university bridging course designed to give you the confidence and skills you need to start one of over 30 Flinders degrees. In as short as 5 weeks, or via a 4-month or 7-month program, you could step into a Flinders degree and start your fearless journey to a new career.

Our program provides you with the knowledge and skills to be an independent learner who can succeed at university. By completing the program, you'll gain:

- university-level study skills and an understanding of university life
- digital literacy and reading skills
- academic communication skills
- critical thinking and analytical skills
- the confidence that you're prepared and ready to start your degree

## When and where can I study?

**Online** from anywhere. Whether you live in regional Australia or in a metropolitan area, you can study online from the comfort of your home.

**On campus** from one of our four locations across metro Adelaide:

- Flinders University, Bedford Park (daytime and evening classes)
- TAFE SA Adelaide (daytime classes)
- TAFE SA Noarlunga (daytime classes)
- Stretton Centre, Munno Para (daytime classes)

## Entry requirements

This program is for Australian citizens, Australian permanent residents and New Zealand citizens who have not previously studied at university and do not hold a TAFE/VET Advanced Diploma.

This program is not available to students enrolled in Year 12 studies (South Australian Certificate of Education (SACE) or equivalent) or to students enrolled below Year 12 studies; or to those who were eligible to be enrolled in Year 12 studies in the year they wish to commence this program.

## Fees

Students accepted into the program do not pay any fees for their study. This program is Commonwealth Government funded for the purpose of enabling more students to undertake university study.

## Guaranteed entry

If you successfully complete the Foundation Studies Program, Flinders University will guarantee your entry to the following undergraduate degrees:

- Accounting
- Accounting and Finance
- Applied Geographical Information Systems
- Archaeology
- Arts
- Banking and Finance
- Business
- Commerce
- Creative Arts (Fashion)
- Creative Arts (Visual Arts)
- Creative Industries (all specialisation)
- Criminology
- Disability and Developmental Education
- Engineering Science
- Finance
- Health Sciences
- Information Technology
- International Business (Wine, Spirits and Tourism)
- International Relations and Political Science
- Languages
- Law and Society
- Media and Communication
- Public Health
- Science
- Sport, Health and Physical Activity
- Sport, Health and Physical Activity (Outdoor Education)

You are also eligible to apply for other courses upon successful completion of the program. However, selection is competitive so it pays to work hard and achieve the best results you can.

### Fast-tracked 5-week intensive option

- Free\*
- Online or on campus
- All classes during business hours
- Semester 1 2024 intake dates to be confirmed

### Standard 4 month option

- Free\*
- Online or on campus
- All classes during business hours
- Starts February or July

### Standard 7 month option

- Free\*
- Online or on campus
- Evening classes
- Starts in February

## How to apply

Applications for the Flinders Foundation Studies Program are submitted directly to the university.

Applications will open a few months prior to the start date of each semester.

Please apply online at:

**[flinders.edu.au/foundation](https://flinders.edu.au/foundation)**

\* Commonwealth Government funded program. Students are expected to undertake further university studies upon successful completion of Foundation Studies.

# Special Tertiary Admissions Test (STAT)

## Special Tertiary Admissions Test (STAT)

Adult entry via the STAT assesses your ability to study at a tertiary level. It is a two-hour, multiple choice test similar to an aptitude test, with 70 questions designed to test your verbal and quantitative reasoning. The questions will assess your ability to think critically about a range of subjects and challenge you to make sense of a variety of material.

The STAT was designed primarily to allow people who left school before having the chance to complete Year 12 the opportunity to qualify for admission to university. This scheme has subsequently been broadened and the following can also qualify for admission:

- people who did not successfully complete Year 12 at school and who are finding it difficult to embark on a satisfying career without further study
- people who did complete Year 12 but not at a high enough standard for admission to the course of their choice
- people already established in careers, perhaps having studied at apprenticeship level or pursued a TAFE vocational course, for whom career advancement is dependent upon university study.

## Eligibility

To be eligible to compete in the special entry sub-quota using the STAT:

- you must be aged 18 or over before 1 February for Semester 1 entry or 1 July for Semester 2 entry, and
- if you have studied at a higher education level in the last two years, you must not have accumulated more than the equivalent of a total of two full-time years of higher education study, or
- if you have studied at higher education level and you have accumulated more than the equivalent of a total of two full-time years of higher education study, at least two full academic years must have passed since your last enrolment in higher education study.

## What to expect

The STAT is designed to assess a range of abilities and competencies considered important for successful university study.

The test does not assume previous knowledge or expertise in specific subject areas (e.g. chemistry), and all the information required to answer questions is contained in the test. STAT questions typically require candidates to:

- read and think about a passage of writing
- interpret graphical displays of information
- use mathematical relationships reason
- about tables of data

## How to apply

Apply to sit the STAT via the ACER website. On completion of the STAT you will be given a score out of 200, which you can then use to apply competitively for a place within your course of interest.

Visit the ACER website for further information, preparation materials and practice tests.

**[stat.acer.org](https://stat.acer.org)**

“I didn’t finish high school...and I didn’t have any sort of qualifications before attending Flinders University. Now suddenly, I have a book. There have been many amazing experiences along the way, but I think that’s the one thing that’s made me proudest.”

Dr Ryan Manhire never finished high school and never completed an apprenticeship. After year 11 he started making his money in a range of manual labouring jobs before starting his studies at age 26. At 37, Ryan holds a PhD and is stepping into a career he is passionate about. He is immensely proud to finally hold his thesis in his hands.

**Ryan Manhire**

PhD in Philosophy

Read Ryan’s full story

# TAFE/VET Pathways

Helping you realise your goals and ambitions is important to us at Flinders University. We understand that everybody's life path is different. This is why Flinders offers a number of pathways for applicants who have completed TAFE/VET qualifications.

Flinders University offers TAFE/VET pathways to assist prospective students who:

- Are looking to upgrade a Vocational Education & Training (VET) qualification from a Registered Training Organisation (RTO)
- Didn't receive a competitive ATAR or STAT score for their chosen course
- Are looking for a career change
- Are interested in specialising or changing their area of study

## TAFE/VET Pathways

Flinders offers entry to selected courses for applicants who have completed a TAFE/VET Certificate III or higher level qualification. To apply via this pathway, your TAFE/VET qualification does not need to be related to the degree you wish to study at Flinders. Speak to us about your competitiveness or learn more at [flinders.edu.au/tafe](https://flinders.edu.au/tafe)

### Credit For Tafe/Vet Studies

Holders of many TAFE/VET awards can receive credit for their studies if they are accepted into a related Flinders course. Credit means that we recognise your previous studies and do not require you to complete similar topics at university level. This means you spend less time finishing your degree and pay less fees. The amount of credit depends on the level of your TAFE/VET qualification but can be up to 54 units or half of a normal three-year degree. Search for credit at [flinders.edu.au/credit](https://flinders.edu.au/credit)

## TAFE SA Dual Offers

Flinders is making the transition from a TAFE SA qualification to university easier by providing a dual offer pathway. You now have the ability to apply for a TAFE SA Diploma or Advanced Diploma that is linked to a Flinders degree.

Successful applicants will receive an offer to both TAFE SA and Flinders. After successfully completing the TAFE qualification, students will then progress to Flinders with no further application required.

You will receive credit for your TAFE SA studies, allowing you to complete two qualifications in 3 to 5.5 years depending on the degree and pathway selected.

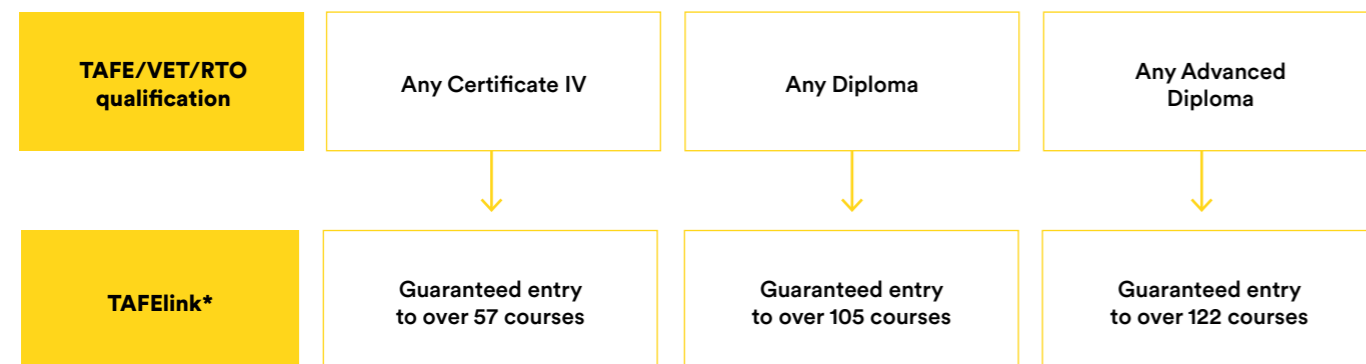

This pathway is available at a number of TAFE SA regional and metropolitan campuses.

[flinders.edu.au/tafe](https://flinders.edu.au/tafe)

## Higher Education Certificates

Higher Education Certificate courses are offered on a 6-month (full-time) basis and are Commonwealth supported. You can use your Undergraduate Certificate as a stepping stone into a selection of Flinders courses. Entry can be gained through 4 different avenues.

[flinders.edu.au/higher-education-certificates](https://flinders.edu.au/higher-education-certificates)

\*Granted course prerequisites are met

# Other Pathways

## Previous Year 12 Results

Regardless of when you finished Year 12, you may still be eligible to use your results as the basis for your application to Flinders. If you are unsure about your results, contact the SACE Board of South Australia.

If you have studied at university and in all attempts you have accumulated more than the equivalent of two full-time years of study, you will not be eligible to be assessed on your Year 12 results.

[flinders.edu.au/year12entry](https://flinders.edu.au/year12entry)

## Previous Tertiary Study

If you have previously studied at Flinders University, you may be eligible to use your Grade Point Average (GPA) for guaranteed entry via our FlindersLink program. For a list of eligible courses and required GPAs visit

[flinders.edu.au/flinderslink](https://flinders.edu.au/flinderslink)

If you have previously studied at another university, you may also be eligible to apply using your university results. Speak to us for further guidance and advice.

[flinders.edu.au/pathways](https://flinders.edu.au/pathways)

## Indigenous Access Scheme

The Flinders University Indigenous Access Scheme provides an alternative entry pathway for Indigenous Australians.

For entry into the scheme applicants are required to complete an application detailing why they wish to enrol in a particular course at Flinders, their career expectations, educational background, relevant work and prior learning experiences, and community involvement.

Further information can be obtained from the Office of Indigenous Strategy and Engagement **(08) 8201 3033**.

[flinders.edu.au/indigenousadmissions](https://flinders.edu.au/indigenousadmissions)

## Military Academic Pathway Program

The Military Academic Pathway Program (MAPP) is a four-week intensive program available to military personnel. Upon successful completion students may apply to enter first year of a Flinders University degree. The program covers a wide range of academic skills development, facilitated engagement with support services, linking with peer mentoring, and academic advocacy.

[flinders.edu.au/military-pathway](https://flinders.edu.au/military-pathway)

“Building upon [my] experience and furthering my skills and knowledge to enable me to promote independence, choice, worth and dignity of people living with disability of all ages is extremely exciting for me.”

For Marwa Al-Bouch, a career in disability was a natural progression from childhood education and early intervention services for children with disabilities.

With previous experience in early intervention services for children with disability, Marwa Al-Bouch decided to upskill by studying the Bachelor of Disability & Developmental Education. This opened her up to a variety of opportunities in the disability sector and led her to receive acknowledgement for her hard work and determination through the Developmental Educators Australia Inc (DEAI) Prize for Academic Excellence.

### Marwa Al-Bouch

Bachelor of Disability & Developmental Education.

Explore Marwa's story

# Guaranteed Entry Pathways

## TAFElink

Flinders offers guaranteed entry to selected Flinders courses via our TAFElink program.

To qualify for the TAFElink program, you must have completed a TAFE/VET Certificate 4 or higher level qualification and meet all course prerequisites. Your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

If your TAFE/VET qualification is from a relevant area of study, you may be able to reduce the time required to complete your Flinders degree with credit transfer.

To apply:

- Decide which degree you wish to study
- Check you meet degree prerequisites
- Check the TAFElink qualification required for Guaranteed Entry (included in this brochure)
- Apply at [satac.edu.au](http://satac.edu.au)

[flinders.edu.au/tafelink](http://flinders.edu.au/tafelink)

## Flinderslink

Flinders University offers guaranteed pathways to the majority of our courses via our Flinderslink program.

Flinderslink is designed for applicants who:

- Did not have a competitive selection rank for their preferred course
- Are required to study prerequisite topics for their preferred course
- Wish to change the direction of their studies

If you are studying at Flinders and wish to change your course, we will offer guaranteed entry to another Flinders course providing you fulfil the following requirements:

- achieve the required minimum grade point average (GPA)
- satisfy any course prerequisites

The Flinderslink program allows you to apply for credit transfer to your new degree to maximise the benefit of your earlier studies.

[flinders.edu.au/flinderslink](http://flinders.edu.au/flinderslink)

## Diplomas

Flinders Diploma-level qualifications provide flexible, supported study options in a wide range of study areas. Diploma students will access a range of benefits including:

- guaranteed entry to a range of bachelor degrees
- a pathway to most Flinders degrees (based on academic performance in the Diploma)
- up to one year of credit toward a range of bachelor degrees
- the opportunity to experience life as a Flinders Student.

[flinders.edu.au/diplomas](http://flinders.edu.au/diplomas)

# Starting University

## How do I apply for university?

All students must initially apply online through SATAC at [satac.edu.au](http://satac.edu.au)

Current Flinders students can apply via the student system for a majority of courses.

Flinders offers two admissions cycles for most undergraduate courses:

- Semester 1 (start in late February) Applications open in August for commencement the following year. All courses are available. The main offer round is in mid-January.
- Semester 2 (start in late July) Applications open in August for commencement in July the following year. Not all courses are offered mid-year. The main offer round is in early July.

For specific application dates please refer to the SATAC website.

For more information on how to apply for the Flinders Foundation Studies Program please visit [flinders.edu.au/foundation](http://flinders.edu.au/foundation)

## How should I order my preferences?

- Check that you are eligible for the courses you list.
- Do you have the prerequisite subjects or assumed knowledge, if required?
- Will you meet any other selection requirements?

You may enter up to six preferences that you would like to study. You should list these in order, with the degree you would like to study most as your first preference.

If you cannot be offered a place in your first preference, you will then be considered for your second preference and so on.

It is important to consider a back up plan. Ensure you think about alternative entry pathways for the course that you want to study, as Flinders offers a number of pathway courses that can allow you to gain entry in to the degree of your choice.

[flinders.edu.au/pathways](http://flinders.edu.au/pathways)

## How will I be selected?

In most instances, the number of eligible applicants exceeds the number of places available. Eligible applicants will be ranked in order of merit. The University will fill the places with the highest qualified applicants.

Your chances of being selected into a university degree may depend upon:

- the number of places available
- how many other eligible applicants there are
- how competitive your ATAR, TAFE/VET qualification, STAT score (or other method of entry) and other criteria (if relevant) are in comparison to other eligible applicants.

## How will I find out if I am offered a place at university?

Offers will be emailed via SATAC. Ensure you read your SATAC offer letter carefully and follow any instructions stated in your offer letter. If you receive an offer to your first preference, SATAC will automatically accept this on your behalf, but please ensure you follow any enrolment instructions in your offer letter or your offer will lapse. Offers to all other preferences must be responded to via your SATAC application portal.

## How do I change my course once at university?

You can change your course once at university by applying for an internal transfer, or reapplying via SATAC. Speak to university staff or visit our website for advice about changing your course.

[flinders.edu.au/internaltransfer](http://flinders.edu.au/internaltransfer)

## What does it cost to study at university?

Students who are Australian Citizens, or New Zealand Special Category Visa (SVC) holders who meet long-term residency requirements, or holders of Permanent Humanitarian Visas, are eligible for a Higher Education Contribution Scheme (HECS-HELP) loan, and do not have to pay their student contribution amount upfront. This means you pay nothing towards your course fees while you study, and then pay back your student contribution amount in small instalments when you are working.

However, students can choose to pay their student contribution amount upfront.

International students pay the full cost of their tuition and are not able to defer this payment.

Full details of the HECS-HELP scheme eligibility requirements and repayment options are available at the Study Assist website. [studyassist.gov.au](http://studyassist.gov.au)

Other costs that students need to plan for may include student services and amenities fees, books, equipment, internet costs, possible field trips, and the cost of accommodation, transport and general living expenses.

## How can I find out about scholarships?

We offer a wide selection of scholarships. Some are for high academic achievers, some are for students in financial need, and other scholarships are given on the basis of particular criteria. They range in value from a few hundred dollars to many thousands, and may also range from a single payment to ongoing support for the duration of your degree.

Some scholarships consider students automatically when they apply for admission to the University, while other scholarships require a separate application. Application dates may vary. We encourage you to apply for any scholarships for which you are eligible.

Visit the scholarships website to explore the range of scholarships available and how you apply.

[flinders.edu.au/scholarships](http://flinders.edu.au/scholarships)

**Search for your preferred degree in the table from page 10. We've suggested relevant pathway courses you should list lower in your preferences.**

## Student experience

At Flinders we are committed to the success of our students. Our graduates are highly sought after by graduate employers and our work integrated learning programs combine academic and career-related activities designed to enhance learning.

Flinders students are able to make industry connections and enhance their skills and experience through workplace and internship programs in Australia and overseas.

### Personalise your degree

The Bachelor of Letters is designed to provide you with an avenue to pursue your passions and gain skills that will make you more employable by undertaking a second study area in addition to your primary Flinders degree. Apply directly to Flinders once receiving your primary course offer.

Available specialisations are:

- Creative Writing
- History
- Mathematics
- TESOL

Find out more at [flinders.edu.au/letters](https://flinders.edu.au/letters)

The Diploma of Language can be studied along most other degrees at Flinders, allowing you to learn a new language, or extend your previous studies in:

- French
- Indonesian
- Italian
- Modern Greek
- Spanish

[flinders.edu.au/diplomas](https://flinders.edu.au/diplomas)

### Flexible study options

Many Flinders courses offer you flexible study options, including part-time and online options. Flinders online courses provide a convenient and flexible way to achieve your study and career ambitions. You'll receive the same quality education and qualifications as on-campus students with dedicated support available throughout your entire degree. Students on-campus also have flexibility with online lectures, choosing your own timetable and face-to-face as well as online support services available.

[flinders.edu.au/online](https://flinders.edu.au/online)

### Study abroad

Make the most of your time at uni and check out the amazing range of exchange opportunities available. With over 80 world class partner institutions to choose from around the world, studying abroad is a great way to expand your horizons with us.

[flinders.edu.au/studyabroad](https://flinders.edu.au/studyabroad)

“I have really enjoyed my learning experiences at Flinders. I’ve always been most excited where the opportunities arose to apply the knowledge that was learnt in the classroom to the field and real-world. As well as the practical infield experiences, my classes prepare me for the workforce and collaborating with industry to research real-life problems has helped grow my independence as a scientist. My lecturers have been amazing, they’re all so passionate about what they research, and that passion is contagious!”

**Rachel**  
Science student

## Student spaces

### Student Hub and Plaza

The Student Hub is a state-of-the-art facility designed in close collaboration with current students who ensured it would meet their needs.

With student study spaces accessible 24/7, an outdoor amphitheatre and super screen, centralised student services and numerous eateries and function spaces, Flinders students can get the most out of their on-campus university experience.

[flinders.edu.au/studenthub](https://flinders.edu.au/studenthub)

### Tonsley

The Tonsley campus centrally locates computer science, engineering and mathematics students. It is home to the Medical Device Research Institute, Centre for Nanoscale Science and Technology, Tonsley Innovative Manufacturing Hub and some of Adelaide’s biggest businesses and industries.

[flinders.edu.au/tonsley](https://flinders.edu.au/tonsley)

### Victoria Square

Located in the heart of the Adelaide CBD, Flinders at Victoria Square is an accessible, alternative and flexible space for students. A selection of courses and topics are taught in this space and Flinders students can access fully equipped, private study spaces.

[flinders.edu.au/victoriasquare](https://flinders.edu.au/victoriasquare)

“The Flinders community offers the perfect balance between a laid back, friendly atmosphere and a serious down to earth approach to study. Through my experience studying Screen, every student has the freedom to be creative and feel supported but at the same time there is a healthy culture of constructive critique of films as they are being produced. Our lecturers also give us a fair amount of creative space whilst being available to provide guidance when we need it.”

**Fraser**  
Creative Arts (Screen) student

The Hub

# Study areas

## Business

Business degrees provide you with the general skills and knowledge necessary to pursue a successful career in business. You'll study topics in the core areas of accounting, marketing, management, law, economics, human resources management, and innovation and enterprise. You can choose to focus your studies on a specialisation, for example Accounting, Banking and Finance, Human Resource Management, International Business, Management, Marketing, Sports Management, Business Economics, Commerce, Finance, or International Business in Wine, Spirits and Tourism. You'll develop real-world work experience and build networks through work placements and live industry projects.

## Creative Arts

Whether you're preparing to take centre stage, direct or produce an internationally acclaimed feature film, stitch and style your way to success, or write an award-winning play, Flinders Creative Arts and Media will help you realise your ambitions. You'll be taught by practising creative artists who are award-winning authors, playwrights, actors, cinematographers, creative entrepreneurs and leaders in the arts industry. Study in a range of areas including Costume Design, Creative Writing, Dance, Digital Media, Drama, Fashion, Festivals and Arts Production, Film and Television, Interactive Design, Screen, Theatre and Performance, Visual Arts, Visual Effects and Entertainment Design and Writing and Publishing.

## Criminology

Criminology is the study of the causes, impact and prevention of crime, and the institutions involved in responding to criminal conduct. You will learn criminology theory and its applications in policing, corrections, criminal process, victimisation, miscarriages of justice, organised crime, and corruption. Practical focussed topics will equip you for employment in intelligence analysis, community corrections, community development, and child safety work.

## Education

Our Education degrees include many opportunities to step into early childhood settings (including kindergarten, early learning and child care services), primary and high schools. Experience day-to-day life as an educator: plan lessons, build relationships with your students, and put your passion to work. With such a broad foundation of knowledge, you'll be prepared for a range of professional education roles.

## Engineering

Engineers are in high demand world-wide. Flinders Engineering degrees are offered in close collaboration with industry, giving you specialist knowledge and an integrated 'toolkit' of skills that will enable you to meet global requirements as they continue to change. Flinders engineering courses have a common first year which enables you to get a taste of engineering disciplines and delay your choice of specialisation until you have experienced engineering as a whole, or transfer between courses if you change your mind. You'll take part in a nationally recognised 20-week industry placement program and network with industry leaders, mentors and businesses who will prepare you for the workplace. Our graduates leave with professional accreditation and all engineering degrees can be combined with design, technology or innovation topics to give you the skills for an ever-changing world. You'll be able to focus your studies in Biomedical, Civil, Electrical and Electronics, Environmental, Maritime, Mechanical, Robotics and Software Engineering - also offering multiple majors, so that you can further specialise in areas to suit your passion.

## Health

With a Health degree, you can make a meaningful difference to people and communities throughout the world. There are many opportunities in this large and ever-evolving field. You'll graduate well equipped to face the health challenges of the future. Many of our health degrees are nationally accredited and offer flexibility so you can carve out your unique pathway. Gain the skills to make a difference to people's lives and address the future health needs of Australia and the world. Our many electives, degrees and pathways give you the flexibility to follow your passion with industry experience. Our courses include Clinical Exercise Physiology, Community Inclusion, Disability and Developmental Education, Exercise Science, Health Sciences, Occupational Therapy, Physiotherapy, Nutrition and Dietetics, Paramedic Science, Public Health, Optometry, and Speech Pathology.

## Humanities and Social Sciences

Our degrees provide you with valuable, transferable skills to adapt to the incredible transformations taking place in the professional world. You can design your degree to suit your interests and aspirations by choosing from a diverse range of disciplines. Our humanities and social sciences graduates are talented leaders in creative arts, business, politics and government. Challenge yourself with our arts degree for high achievers or find your own path to success with exciting placements, internships and flexibility to design a degree based around your interests. Choose from a range of disciplines to expand your career options in areas such as Archaeology, History, Philosophy, Politics, and Sociology.

## Computer Science and Information Technology

Our Computer Science and Information Technology degrees prepare you to solve problems across a range of fields. The technology industry is an exciting innovator and key player in business, commerce, defence, medical research, climate change and the environment. Tailor your studies to suit your interests, whether you're building systems that have humanlike intelligence, driving innovation for Industry 4.0 or developing the apps that will transform the future. Specialisations include Network and Cybersecurity Systems, Artificial Intelligence and Game Development. To ensure you are job ready, you'll take part in a nationally recognised 12 to 20-week industry placement program and network with Academics, mentors and businesses who will prepare you for the workplace.

## International Relations and Political Science

Our degrees give you a range of tools to understand and drive political, social and economic change. You will learn how political, social, economic, and strategic relations work within the global community and how these translate into policy areas such as trade, economic development, tourism, foreign affairs, education, migration, human rights and environmental protection. You will learn how policies are developed and implemented, preparing you for careers in government, private global industries and not-for profit organisations in Australia and abroad.

## Languages and Culture

Studying Languages and Culture at Flinders gives you the chance to develop a broad range of skills and knowledge. Whether your interests lie in language, media, archaeology, theology or tourism and events, you'll gain transferable skills and industry experience that will help you throughout your career and let you explore your passions and the world we live in. Extend your previous foreign language studies or learn a new language in French, Indonesian, Italian, Modern Greek or Spanish at Flinders, or one of our cross-institutional partnerships to study Chinese, German or Japanese.

## Law

Law brings hope to the disadvantaged, confidence to commercial ventures, rigour to politics and solid foundations to launch your career in a diverse range of fields. A law degree also opens the door to careers outside of the law including banking and finance, environmental protection and development, politics, marketing, communications, business management and leadership. Our law topics are focused on 21st century lawyering and include criminal law, contracts, torts, real property, evidence, international law and law in a digital age. You will develop high level communication, presentation and teamwork skills in preparation for practising law, or for future leadership roles in a range of educational and professional settings.

## Medicine

Medicine is the science and art of treating diseases and maintaining health. The Bachelor of Clinical Sciences/Doctor of Medicine enables school leavers to pursue a career in medicine, and equips graduates with the skills to take up positions as hospital interns and thereby qualify for medical registration in Australia. Flinders also offers Medicine at a Postgraduate level. Some recommended pathways include Medical or Paramedic Sciences. The Bachelor of Medical Science covers areas such as biochemistry, biotechnology, microbiology, molecular biology, neuroscience and a new specialisation in Laboratory Medicine. The Bachelor of Paramedic Science is an approved degree for anyone seeking a career as a paramedic or a research career in pre-hospital science.

## Nursing

The Bachelor of Nursing (Pre-registration) will equip you with the skills you need to play an important role in health promotion, maintenance and education, as well as in traditional patient care and the restoration of health. Our focus is to develop you into a Registered Nurse who is reflective about their practice, has well-developed clinical reasoning skills and a commitment to lifelong learning. Nursing graduate positions are available in a range of areas including medical/surgical, emergency, mental health, aged care and community health and general practice.

## Midwifery

The Bachelor of Midwifery (Pre-registration) will equip you with the essential skills required to provide high quality, safe and effective woman-centred care. With a focus on the principles of primary health care and continuity of care, you will develop an understanding of various midwifery models to enable you to apply theory and skills in your daily practice. Midwives provide safe, effective care that recognises women's individual needs of choice, control and continuity of care. Upon completion, you will be capable of providing care to women through their experience of pregnancy, labour and the early postnatal period in community and hospital settings.

## Psychology

Understand the way we see the world and help to make a positive impact. Psychology helps us understand our mental health and how people think – how we feel and why we behave the way we do. Psychological skills are used in almost every industry, and given the ongoing changes to the ways we live, work and interact, are sure to play a major role in the workplaces of the future. In many of our Psychology degrees, you'll have the opportunity to combine your study or choose electives to improve your employability and broaden your knowledge.

## Science

Science at Flinders allows you to tailor your study to suit your passion and career aspirations. Our science degrees enable you to follow your interests without being confined by traditional boundaries in core sciences such as Biology, Chemistry, Physics and Mathematics. We also specialise in Biodiversity and Conservation, Biotechnology, Chemical Sciences, Physics, Forensics and Analytical Science, Marine Biology, Geographical Information Systems, Palaeontology, Nanotechnology, Animal Behaviour or Environmental Science. All our degrees have embedded activities such as placements or projects with industry, to ensure you are job ready and well prepared for the workplace.

## Social Work

Flinders Social Work provides career-ready skills and knowledge to those people who are driven to create a society that is fair, supportive, and inclusive. Social Work careers are not for the faint-hearted, but they are incredibly important and in high-demand. Social Work graduates work in government departments, hospitals, health and community centres, welfare agencies and many other organisations across the world. Social Work graduates make a difference, and Flinders Social Work degrees provide hands-on study and real-world placements to ensure our graduates are prepared for a challenging, rewarding career.

## Sport

Our courses are designed to give you a competitive advantage enabling you to work at the highest possible level, wherever you go. Our Sport degrees provide you with an understanding of the significance of sport and physical activity within the context of a healthy lifestyle and provide opportunities to focus your studies on Clinical Exercise Physiology, Exercise Science, Outdoor Education or Sports Management. Our network of industry leaders and our placement opportunities will provide you with real industry experience and connections while you study, helping you build your sports career and realise your ambitions.

# Flinders' new city campus

Where potential meets possibility

**Flinders' new city campus has been designed for flexibility, collaboration and immersion. Here students will gain the knowledge and practical skills they need to confidently step into their careers.**

Spanning eight levels, with multiple state-of-the-art teaching spaces, Flinders' new city campus is designed for flexible, adaptable learning, catering to an extensive range of study programs. Every floor has dedicated spaces for students to collaborate with each other, learn from industry experts and be inspired by a world of learning possibilities.

With everything built to world-class 6-star Green Star sustainability ratings, the campus also features an open-plan events space, a central library and a dedicated executive education suite connecting business and industry leaders.
