From 2024, Business courses will be available at both Bedford Park and our new CBD campus, Flinders at Festival Plaza

At Flinders, it's all about your global career

Choose your degree

Flinders University offers a range of flexible degrees across business, commerce, finance, international relations and political science. Choose a degree that reflects your passions and graduate with the skills and knowledge to take your place in an ever-changing world. Study on campus or choose from a range of topics offered online.

Be taught by leaders

Flinders' business, international relations and political science degrees are taught by teachers who are leaders in their fields. Our close industry links with leading business partners, practical Work Integrated Learning (WIL) placement opportunities and a strong focus on future business trends will help you graduate job-ready. Our international relations and political science experts will teach you how policies are developed and implemented, preparing you for careers in government, non-government and not-for profit organisations in Australia and abroad.

Gain real-world experience

Flinders' Work Integrated Learning (WIL) enables you to gain work experience while you study. You'll have the opportunity to gain real-world experience through placements, practicums, field studies and simulated workplace settings and assessment activities. Flinders aims to provide each and every student with access to a WIL opportunity during their studies.

Business industry partners

Flinders has close ties to leading industry partners. Your studies will give you the opportunity to work on real-world industry projects alongside major industry organisations.

New Flinders city campus

Located in the growing heart of the CBD, the North Terrace & Riverbank Precinct, Flinders at Festival Plaza is metres away from the central Adelaide Railway Station, making study at Flinders open to all.

Business

Begin a rewarding career

A career in business means a career in an industry that influences almost every aspect of the modern world. You could work for an amazing organisation or start your own business journey. Your career could take you anywhere on the planet.

Study for success

The business world is constantly changing, but new trends and technologies are creating new employment opportunities. Projected employment growth through to November 2026 is strong across multiple business areas, such as:

- Business, Human Resource and Marketing Professionals – 13%
- Business Administration Managers – 13.6%
- Finance Managers – 11.7%
- Human Resource Managers – 16.3%

Flinders Business Trading Room

If you want to understand global markets, there's only so much you can get from textbooks. You need to be out there, on the trading floor, feeling the noise and excitement, making high-stakes decisions in real time.

Welcome to the Business Trading Room. It's a simulated financial trading centre for students enrolled in Flinders' business degrees.

How does it work?

The Flinders Business Trading Room is a cutting-edge market simulation program environment. Students can access time-series data on security prices and exchange rates, execute trades in real time and plug into financial modelling that mimics the global derivatives market.

The Trading Room is powered by the same tech used by institutional dealing rooms, fund managers and government research departments. It even has mobile and algorithmic trading capabilities. Think of it like Wall Street for beginners.

Who can use the Trading Room?

The Business Trading Room is built into the curriculum for several Flinders business degrees, including the Bachelor of Finance, Bachelor of Finance and Business Economics, and Bachelor of Business.

"Accounting is not only working with numbers – you enable people to be their best selves, to grow as people and as a business. So, I thought I'd love to take on that career myself."

Industry
Projects:

Making wine more sustainable

Flinders business students worked with Gemtree Wines on a future-focused industry project in Sweden. Systembolaget – a chain of liquor stores owned by the government – is the monopoly purchaser of alcohol for the country. And right now, no organic, sustainably-packaged Australian wines are being sold in it.

Though a small market, the sustainably-minded country presents major opportunities for a producer like South Australia's Gemtree Wines. Based in McLaren Flat, the viticulture, wine and tourism business is proud of its biodynamic and organic farming practices. In fact, Gemtree Wines' sustainability philosophies are already being celebrated by the Systembolaget, who have requested that the business explore alternative packaging options in line with Sweden's consumer preferences and to minimise environmental impacts.

As part of Flinders University's Industry Project program, which pairs a team of Flinders University students with a real company, students researched whether this opportunity was worth pursuing – and, if so, what the products would be, and how they would be packaged. The findings are intended to inform a potential, formal proposal that Gemtree Wines could put forward to the Systembolaget.

One of the students assigned to the project was Penelope Bryant, a Business student who recently returned to studies after deciding she needed a change of direction. "I studied at Flinders because I wasn't happy working in the job I was in, and I really wanted to change up my life a bit," she says.

"Having young kids, I wanted to show them that you can do anything."

Bryant has enjoyed working with the client, researching the Swedish market and putting everything she's learned at university into practice. With aspirations to be a marketing consultant some day, she credits the course with pushing her to step outside of her comfort zone – like speaking in public.

Stepping outside of campus and into a real-world project has brought meaning to the business theory Bryant has come to know so well. While she's enjoying her time at university for the moment, she feels content in the knowledge that she's on the right path to achieving her long-term goals.

"I feel like I'm being a bit fearless right now," she says. "This project pushes you out of your comfort zone so much, and it's great to kind of be pushed – maybe kicking and screaming a little bit – but it's been really wonderful to learn that I can do anything that I put my mind to."

Washington Internship Program

The Washington Internship Program provides you with an opportunity, unparalleled in Australia, to experience political life in Washington DC.

Flinders has been sending students on this unique seven-week placement in the US Congress since the program's inception in 2000. To date, we've sent over 127 students to Capitol Hill.

The program can give you a unique insight into US politics and an appreciation of the workings of the American political system.

As a participant in the program, you will work full-time in the office of a member of the United States Senate or the US House of Representatives. The goal of the internship is to provide an experience of political life in an influential congressional office and the many tasks, priorities and pressures of that office.

To find out more visit: flinders.edu.au/washington-internship-program

"I've had several 'pinch myself' moments... You never know what historic world events might unfold during the Washington Internship Program, and being able to witness those events from within the global centre of power that is the US Congress is an experience unlike anything else."

Mariah Spronk

Intern, 2022 Washington Internship Program

"If I had the chance to do this again, I would... you will make new friends, experience different cultures, see Washington up close, and develop all the skills necessary to help you gain employment post-study."

Kyle Whenan

Intern, 2022 Washington Internship Program

South Australian Parliamentary Internship

2022 was the 27th anniversary of the prestigious South Australian Parliamentary Internship Program.

The program gives you the opportunity to experience how Parliament operates from the inside, enhancing both your degree and future career opportunities.

Interns will work attached to the office of a Member of Parliament while completing a public policy research project nominated by the member, under the formal supervision of a member of the Flinders academic staff.

Starting at Flinders

One of the world's top universities, Flinders offers students a supportive, inclusive education in an unrivalled study environment.

Pathways to study

Whether you are a school leaver or returning to study at a later date, there are many ways to gain admission to Flinders University. Explore your options and find the entry path that's right for you.

If you have secondary education

Year 12 entry

Most Year 12 applicants enter university via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

finders.edu.au/year12

Guaranteed entry

If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

Indigenous Admission Scheme

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

See page 28 for further details.

Elite Athlete Pathway

If you've officially represented your school or state at a national level competition, we'll consider your school's recommendation about your academic potential when you apply.

finders.edu.au/study/sport/elite-athletes

Research Project B Pathway

If you have strong results in the Research Project B subject you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

finders.edu.au/study/pathways/year-12-entry/research-project

School Recommendation Program

We may consider your school's recommendation about your academic performance as part of your admission into Flinders.

uniTEST

If you're in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don't do well, we will only consider your highest selection rank.

finders.edu.au/unitest

If you haven't achieved the results you expected

If you haven't achieved the results you expected in Year 12, there are a number of pathways to your preferred degree. You can start studying one course and move to another via internal transfer or Flinderslink.

TAFE SA Dual Offers

Flinders University together with TAFE SA offer dual offer pathways in various disciplines.

Work Integrated Learning

When it comes to landing a job, practical placements can give you the edge you need to succeed.

Flinders' Work Integrated Learning (WIL) will improve your employability by helping you better understand the day-to-day skills employers are looking for, and by giving you the chance to gain real experience in a workplace environment directly related to the course you're studying.

You might take on a work placement or internship, gain hands-on experience through field education, or get involved in projects with industry or community organisations.

Your WIL experience will be designed to help you gain that edge.

Indigenous Admission Scheme

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

Are you eligible?

To be eligible for the Indigenous Admission Scheme you must be an Aboriginal or Torres Strait Islander person in accordance with the Commonwealth definition, which requires you to:

- be of Aboriginal or Torres Strait Islander descent, and
- identify as an Aboriginal or Torres Strait Islander, and
- be accepted as an Aboriginal or Torres Strait Islander in the community in which you live or have lived.

You may be currently studying Year 12 or be a non-school leaver.

How to apply

1. Apply for the course you want to study through the South Australian Tertiary Admissions Centre (SATAC). You will get an application number from SATAC that you will need for your Indigenous Admission Scheme application form.
2. Complete the Indigenous Admission Scheme application form online (finders.edu.au/indigenousadmissions). If you are having trouble completing an online application, you can request a paper-based application via ias@finders.edu.au or call us on 08 8201 3033.
3. An interview is part of the application process, but you will be notified about this.

Application and interview dates

First round applications close late November and second round applications close early January for semester 1. For our midyear intake to a number of courses, applications close in June.

finders.edu.au/indigenousadmissions

“I originally chose Flinders as they have one of the best facilities for future teachers and fantastic student engagement. Studying at Flinders has been a wonderful experience that has given me the opportunity to discover what I truly want into the future while also providing me with support in every way imaginable. Flinders and Yungkurinthe have given me the opportunity to meet others with similar ambitions and goals as myself and find the benefit of an education in places I would never have thought to look. As a proud Indigenous woman, I want to use my degree to work in First Nation communities to help our young people make it through their high schooling experience and onto their own future aspirations.”

Fees and charges

Your course fees – Commonwealth support

All our courses list indicative fees, but as an undergraduate student your course is Commonwealth supported provided you're an eligible Australian citizen, New Zealand citizen or permanent resident.

Your course being Commonwealth supported means that your course fees are shared between the Australian government and you – with your portion being the student contribution amount.

HECS-HELP loan

You won't have to pay your fees up-front if you're an Australian citizen or holder of a permanent humanitarian visa. You can get a HECS-HELP loan for your student contribution portion of your uni fees. Find out more about costs to plan for while you're at uni at

Glossary

There are many terms used within a university that may be unfamiliar or confusing. Below are a few terms that may need explanation.

Admission pathway

Any one of the options available to a prospective higher education student that will enable them to meet the entry requirements of their chosen courses.

ATAR

The Australian Tertiary Admission Rank (ATAR) is a ranking from 30 (lowest) to 99.95 (highest) agreed by COAG as a nationally equivalent measure of a person's relative academic ranking within their complete age cohort in the year they graduated from senior secondary school.

Adjustment factors

Often referred to as 'bonus points', these are additional points that may be used in combination with an applicant's university aggregate to derive their course selection rank.

Defer

Delaying the start of a course of study by one year (commencing students only). If you have already enrolled, then you need to withdraw from topics before you can defer.

Not all courses are deferrable. Please visit flinders.edu.au/defer for details.

Guaranteed entry selection rank

Achieve a selection rank equal to or above the published guaranteed entry selection rank and you'll be guaranteed a place at Flinders.

Major

A sequence of topics required to be taken as defined in your course rule, normally across all years of a course.

Minor

A sequence of topics required to be taken as defined in your course rule, generally as part of a major.

Offer round/s

Refers to the series of dates on which offers of higher education places are issued to applicants throughout the year, whether through a tertiary admission centre or directly by a higher education provider.

Selection rank

The ranking that tertiary admission centres and most universities actually use to assess admission to a course. A person's course selection rank can include their ATAR, any adjustments they are eligible for, such as equity or subject adjustments, other contributions calculated on the basis of work experience or previous non-secondary study, portfolio assessments, results of the Special Tertiary Admissions Test, other supplementary tests, etc.

Listing your SATAC preferences

You may enter up to six course preferences that you would like to study. You should list these in the order in which you'd like to study them, with the one you would like most listed first. If you cannot be offered a place in your first preference, you will then be considered for your second preference and so on. It is also important to consider a backup plan. Ensure you include our recommended pathway courses in your preferences.
