

FOREVER FEARLESS

Study in 2025

**Flinders
University**

Acknowledgement of Country

Flinders University acknowledges the Traditional Owners and Custodians of the lands and waters on which its campuses are located. These are the Traditional Lands of the Arrernte, Dagoman, First Nations of the South East, First Peoples of the River Murray and Mallee region, Jawoyn, Kurna, Larrakia, Ngadjuri, Ngarrindjeri, Ramindjeri, Warumungu, Wardaman and Yolngu people.

We honour their Elders past, present and emerging.

Uncle Mickey Kumatpi Marrutya O'Brien during a smoking ceremony at Yungkurinthe Inparrila.

Why

Choose

Flinders?

Flinders University is an innovative and progressive place to learn, connect and thrive.

Our courses are industry informed and aligned to future growth industries to make sure you graduate career ready.

You will be inspired by teachers who are leaders in their fields to discover your passions and develop practical skills through industry placements and projects.

Flinders is recognised for putting our students first. We provide outstanding support and are committed to delivering the best experience in an inclusive and collaborative environment.

We welcome you to Flinders and look forward to helping you find your fearless.

No. 1 in SA for learner engagement, learning resources, overall experience, skills development, student support and teaching quality.

(The Good Universities Guide 2024 (undergraduate), public SA-founded universities only)

Study Areas

Defence and National Security

Get future-ready for a career in an exciting industry. Australia's defence industry covers an incredible range of career paths, with skilled workers in high demand. At Flinders, we offer the practical skills and knowledge for a career in defence, with topics such as business, science, engineering and information technology, in roles ranging from engineering to business administration, research, network administration and more.

Humanities and Social Sciences

The workplaces of tomorrow may be very different from those we see today. But one thing is unlikely to change: employers around the world will be searching for independently minded people with valuable, transferable skills. Study what you love with a humanities and social sciences degree from Flinders, and gain the knowledge and skills you'll require to thrive in your career.

Nursing and Midwifery

Study for a career that can change lives across the globe. Nursing and midwifery are rewarding and fast-paced professions. Flinders is nurturing a passionate team of future nurses and midwives to not only be exceptional, but to do exceptional things. Taught by experienced teachers and with almost 1000 hours of work placement built into both the undergraduate nursing and midwifery degrees, studying at Flinders will prepare you for an amazing career.

Business

Open up your career options. We have a large range of courses that will help you succeed in any industry - private, public or your own. With courses including marketing, sports management, human resource management, accounting and more, you'll be taught by business experts and gain practical skills with placements. Our degrees set you up for strong salary prospects, great career opportunities and many options, no matter what your aspirations are.

Education

Create a better tomorrow. Education is a career for those who see potential in others, and want to develop it. As an educator, you can inspire new ways of thinking and make a positive impact on individuals, communities and society. At Flinders, you'll have the opportunity to experience day-to-day life as an educator: planning lessons, building relationships with your students, and ultimately, putting your passion to work.

International Relations and Political Science

You can shape the world. Our degrees will give you the tools to drive political, social and economic change. You will learn how policies are developed and implemented, preparing you for amazing careers in government, private, and not-for-profit organisations. You will also have access to internship opportunities in the United States Congress in Washington, the European Space Policy Institute in Vienna, or with the South Australian State Government.

Psychology

Build a people-focused career. Your degree could be the start of your journey to becoming a practising psychologist, or lead you towards a career in areas such as education, politics, business, sport, health or research. In many of our psychology degrees, you'll have the opportunity to choose electives to enhance your career outcomes and improve your employability.

Computer Science and Information Technology

Information technology drives innovation. Solve problems in diverse fields such as medical research, climate change, environment, business and creative industries. Tailor your studies to suit your interests, from building systems that have humanlike intelligence, to creating cutting edge products and services, driving innovation for Industry 4.0 or developing the apps that will transform the future.

Environment

A sustainable future is in your hands. If you're passionate about finding out how human activities interact and modify environments, an environmental degree from Flinders can lead you to an exciting and meaningful career. Gain the skills and practical experience to address challenges such as - climate change, biodiversity, deforestation, air and water pollution and species extinction.

Languages and Culture

Translate your love of culture into a rewarding and diverse career. With a suite of languages in French, Indonesian, Italian, Modern Greek and Spanish, Flinders' languages and culture degrees prepare you to explore how the ways we communicate enable us to express ourselves, create new things, make sense of our surroundings and connect with each other. Gain the knowledge, skills and connections to create the global career you have always dreamed of.

Science

You could change the ways we interact with the world around us. From addressing environmental challenges and technological changes, to helping us better understand the building blocks of the universe, your scientific career could make a difference. Our science degrees can be tailored to suit your needs and aspirations. Discover the breadth of what science has to offer and graduate with the skills and knowledge to take your place in an ever-changing world.

Creative Arts

Do you connect to the world in a creative way? Use your creativity to inspire, entertain and educate. Flinders has an incredible breadth of creative arts, industries and media courses, partnerships with leading arts organisations, and state-of-the art studio spaces and facilities. You'll be taught by practising creative artists who are award-winning authors, playwrights, actors, cinematographers, creative entrepreneurs and leaders in the arts industry.

Engineering

Build solutions for real-world problems. From robotics to renewable energy, shipbuilding and defence, civil engineering or creating new medical technologies, careers for engineers are in demand. Designed in close collaboration with industry, our degrees give you specialist knowledge and an integrated 'toolkit' of skills that will set you on the path to an amazing and rewarding career.

Law

Expect more of law. Law creates the framework for how we interact with the world, and solve the issues that impact us within it. Flinders Law combines the highest level of traditional legal training with a future-focused curriculum that delves into social justice challenges. At Flinders you'll receive incredible support and gain practical experience with more than three professional placements, allowing you to build networks with industry years before you graduate.

Social Work

Social work is for those who aspire to change the world for the better, because they believe in social justice. Your career path might involve working in child protection or with older individuals, becoming a disability advocate, or specialising as a drug and alcohol counsellor. Careers in social work are about the wellbeing of individuals, groups and communities and addressing inequality and injustices. Our social work degrees provide hands-on study and real-world placements to ensure you are prepared for a challenging, rewarding career.

Criminology

True crime. Real Impact. Study criminology and experience a future-focused and socially responsible degree designed to equip you with the practical, real-world skills you need to examine criminal behaviour, understand what drives it, and make an impact on society. Combined with industry experience and SA's largest criminology team, you will be equipped for employment in cybercrime, intelligence and more.

Health

Begin a life-changing career. At Flinders, you'll gain the skills to make a difference to people's lives and address the future health needs of Australia and the world. From treating patients in health clinics, providing preventative self-care, influencing health care policy in government agencies or undertaking life-changing research, your career opportunities are limitless.

Medicine

Our international post-graduate medical program is developed and taught in collaboration with clinical partners, with curriculum informed by the latest health and medical research, and evidence-based clinical practice, delivered by world-class medical scientists and clinicians. Explore your study options at our rural and remote campuses across the Northern Territory and South Australia.

Sport

A career in sport isn't just a job, it's a lifestyle. Our sports-focused degrees will see you graduate ready to thrive in a sport-related career. Study alongside industry and gain vital real-world experience. From the business of sport to the science that helps athletes perform at their best, choose a degree that reflects your passion for healthy living, physical activity and the sporting world.

Pathways to Study

Your pathways to study at Flinders actually start during your high school years.

Some of our degrees require you to choose specific subjects at high school, as successful entry to the degree may require specific knowledge or prerequisites (see the index at the back of this brochure).

Other degrees require no specific knowledge or prerequisites, but we do recommend choosing subjects that complement the areas you're interested in. Once you're in Year 12, there are a variety of pathway options to gain admission to Flinders.

Year 12 entry to university

For most students, admission to Flinders is via the traditional entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course and is based on your ATAR plus any adjustment factors for which you are eligible.

Guaranteed entry

If you achieve an ATAR equal to or above the published guaranteed entry selection rank (and you meet course prerequisites) you will be guaranteed a place at Flinders. We offer guaranteed entry for most courses.

Year 12 Grades Entry Scheme

Upon SACE completion, by using three of your best Year 12 grades, you can gain a place in your course of choice. This is in addition to being considered on any other pathway for which you are eligible.

Indigenous Admission Scheme

The Indigenous Admission Scheme provides an alternative pathway for Aboriginal and Torres Strait Islander people, who may not have been able to gain entry to university by traditional means, with the opportunity to study at Flinders.

Elite Athlete Pathway

If you've officially represented your school or state at a national level competition, we'll consider your school's recommendation about your academic potential when you apply.

Research Project B Pathway

If you have strong results in the Research Project B subject, you will be considered for entry into Flinders on the basis of your Year 12 results and Research Project B performance.

School Recommendation Program

We may consider your school's recommendation about your academic performance as part of your admission into Flinders.

uniTEST

If you're in Year 12, uniTEST is available to enhance your chances of getting into Flinders. We will select students based on their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course prerequisites or specific admissions requirements). If you take the test and don't do well, we will only consider your highest selection rank.

If you haven't achieved the results you expected

If you haven't achieved the results you expected in Year 12, there are a number of pathways to your preferred degree. You can start studying one course and move to another via internal transfer or Flinderslink, a guaranteed entry scheme for Flinders University students who want to change their course.

Scan to find out more about your pathway options:

"I am very grateful to have received the Flinders University Student Access Scholarship, which was a huge help in overcoming some of the upfront costs of university study. In particular, I found the scholarship very helpful in reducing some of the financial strain of travelling long distance to Flinders."

Jessica Penrose

Bachelor of Science (Honours) (Enhanced Program for High Achievers)
Flinders University Student Access Scholarship

Combined degrees

Combining your degree with a qualification in another discipline will give you more expertise and expand your career prospects. By combining degrees, you can study two areas that interest you and graduate with two qualifications in just one to one-and-a-half years of extra study.

Scan to find out which degrees can be combined:

Scholarships at Flinders

With over 450 scholarships worth \$2.4 million in total and ranging from \$1,000 – \$20,000, Flinders can help you make the most of your university experience.

The Flinders University scholarships program includes a generous range of scholarships available for new and continuing students in undergraduate courses.

In particular, Flinders University provides scholarships to students from low socio-economic backgrounds, students from rural and regional areas and Indigenous students. Flinders University also has strong links with TAFE SA and other educational bodies, and offers specific scholarships to support transition from TAFE and VET programs into higher education.

Student Support

Whatever you decide to study at Flinders, we're always here to help you succeed. Scan to find out more about how we can support you:

Careers & Employability Service

The Careers and Employability Service helps give you the edge in your career. CareerHub, our online employment portal, offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources. Whatever you are studying, CareerHub can help you find your direction and start your career.

flinders.edu.au/careers

Flinders Connect

Flinders Connect can help with everything from enrolment and fees to exams and graduation. You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

flinders.edu.au/flindersconnect

Flinders Library

Our extensive library is more than a book repository. We provide a range of services such as computing and printing, document delivery and one-on-one librarian appointments for assistance with search strategies and finding resources for your assignments.

library.flinders.edu.au

Flinders Living

Flinders is the only university in Adelaide that gives you the opportunity to live on campus, and both University Hall and Deirdre Jordan Village are located within the Bedford Park campus. The wide range of social, sporting and community activities also enhances the student experience at Flinders Living.

flinders.edu.au/living

Flinders University Student Association

The Flinders University Student Association (FUSA) continues a long tradition of active student involvement and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, and the student publication Empire Times, and helps with academic, administrative and welfare issues.

fusa.edu.au

Health, Counselling & Disability Services

Managing your health is important. We have facilities and services available to help you look after your physical and mental health.

flinders.edu.au/hcd

Horizon Award

The Flinders Horizon Award program sits alongside your academic studies; it is an innovative program that provides further opportunities to develop your professional skills and gain new experiences and insights that will benefit you now and in your future career.

Starting at Flinders

When can you start?

Flinders offers two admissions cycles each year for undergraduate degrees.

Semester 1 – February start

Applications open in August for commencement the following year.

Semester 2* – July start

Mid-year applications open in August for commencement in July the following year.

* Not all degrees are offered for semester 2 entry.

Check our midyear site for details: flinders.edu.au/midyear

How do you apply?

Check the application dates

Applicants need to apply through the South Australian Tertiary Admissions Centre (SATAC): satac.edu.au

- read the course information
- check the admission criteria
- check the prerequisites
- check assumed knowledge and additional admission criteria
- consider combined degrees
- check English language requirements
- consider pathways to your degree

Visit us

Key

* Clinical Science/Doctor of Medicine does not offer a tertiary transfer pathway. However, Flinders reserves up to 75% of places in the Doctor of Medicine for graduates of a Flinders degree. For further details go to finders.edu.au/medicine

NA = Guaranteed entry is not available.

Flinders' City Campus

Flinders University's cutting-edge, vertical campus offers a new way of learning in the heart of the city. Flinders' city campus has been designed for flexibility, collaboration and immersion. Here, students will gain the knowledge and practical skills they need to confidently step into their careers.

Spanning eight levels, with multiple state-of-the-art teaching spaces, this campus is designed for innovative and adaptable learning, catering to an extensive range of study programs. Every floor has dedicated spaces for students to come together, learn from industry experts and be inspired by a world of learning possibilities.

Students at Flinders' city campus can study a range of courses:*

Business | Creative Arts & Media | Computer Science & Information Technology | Criminology | Disability | Engineering | Health Sciences | International Relations & Political Science | Law | Psychology | Social Work | Sport | Tourism

* Course availability is subject to change.

Find out more:

Flinders Footprint

Flinders' geographic footprint extends beyond Adelaide, with campuses in the Northern Territory, regional South Australia and Victoria

Bedford Park

Flinders' huge main campus features an award-winning hub and plaza, with retail, food outlets and a state-of-the-art sport and fitness centre.

Tonsley

Flinders at Tonsley is a place where our students interact with business, and where business interacts with our researchers in areas such as engineering, medical devices and nanoscale technologies.

Take virtual tour of Flinders University and explore our amazing locations:

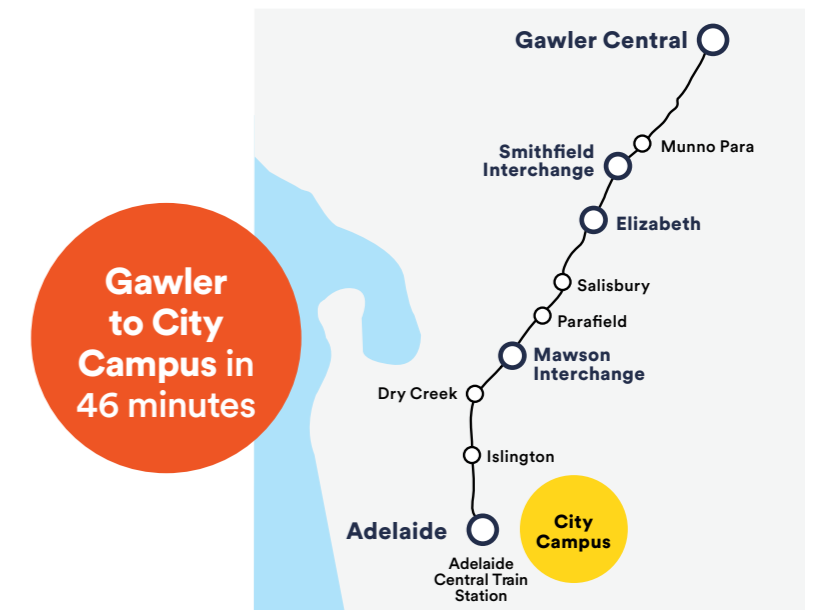

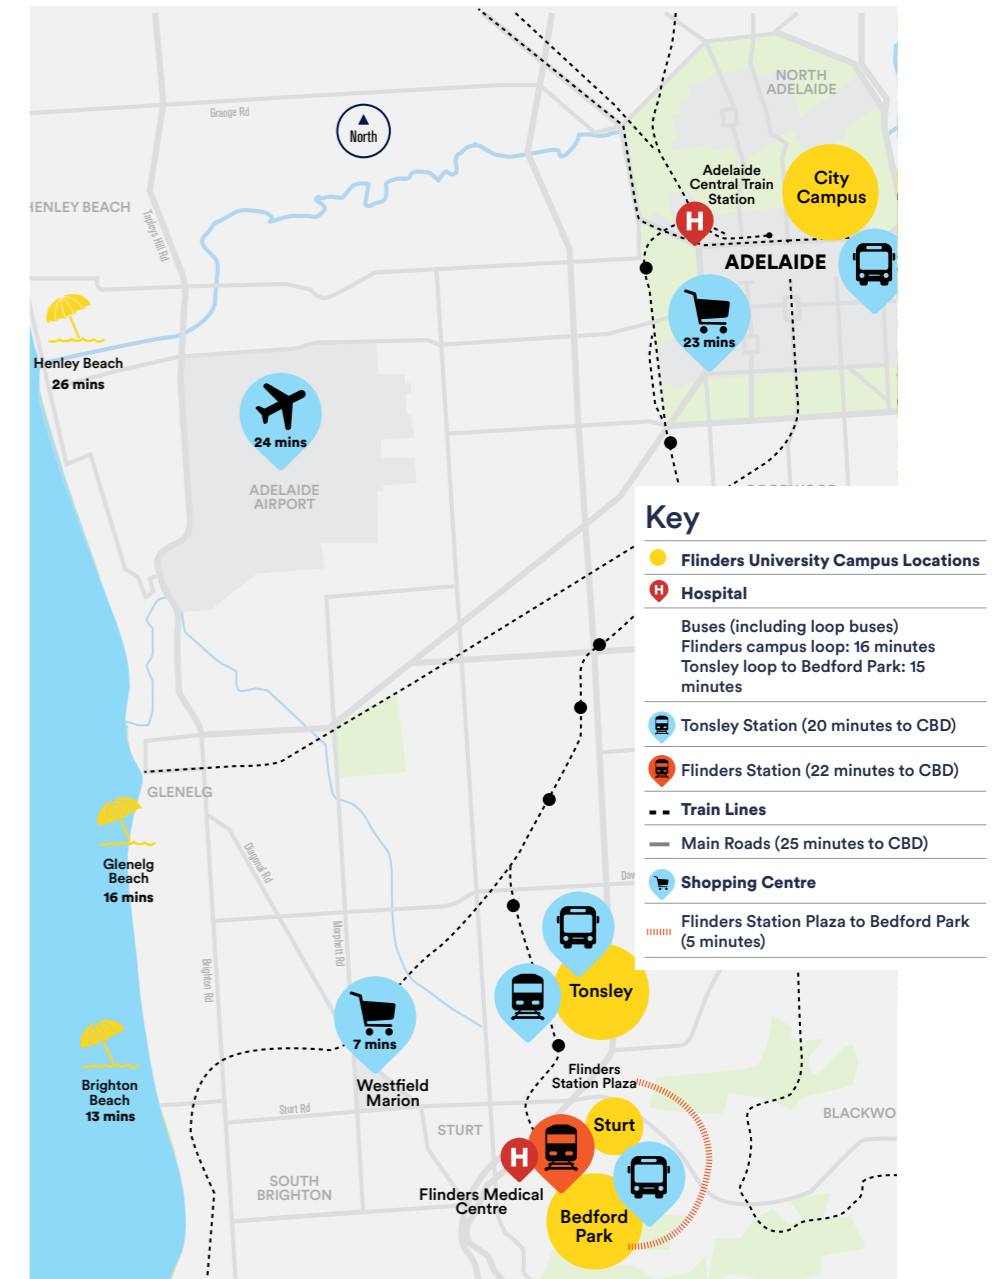

Getting to Flinders

Flinders is well connected to Adelaide by bus and train. The Flinders Railway Line gets you from our new Festival Plaza campus to Tonsley in a super-fast 20 minutes, or to Bedford Park in just 22 minutes. If you live further north, the Gawler Rail Line has express services that take around 48 minutes from Gawler to the CBD.

Regular bus services connect to Bedford Park, and with free Campus Connector and Tonsley Link bus services running 7am – 6pm Monday to Friday, getting to and from your studies is simple.

Flinders has safe and secure car parking available, and multiple areas to secure your bike if you prefer to ride.
